BRAND GUIDELINES

Advisory Monks Consulting

The practical brand system for everyday use — logo, colour, type, voice, and ready-made templates for email, documents, social, and decks.

The mark

The Advisory Monks mark pairs an **“M” monogram** — two ascending strokes in navy and gold — with the serif wordmark. The gold stroke signals craft and independence; the navy carries authority. Use the full lockup wherever space allows.

Primary (on light)

Reversed (on navy)

On warm stone

CLEAR SPACE & MINIMUM SIZE

Keep clear space around the logo equal to the height of the monogram on all sides. Never place type or graphics inside that zone. Minimum width: **120px** on screen, **28mm** in print.

DON'T

Don't recolour the mark, stretch it, add shadows, rotate it, or place it on a busy photo or low-contrast background.

Don't retype the wordmark in another font or separate the monogram from the words except as an approved favicon/app icon.

Palette

Navy is the primary brand colour. **Gold** is the heritage accent (advisory / advisorymonks.com). **Blue** is the digital accent (outsourcing / advisorymonks.io). Use one accent per surface — never gold and blue together.

Navy

#061C33

Logo, headlines, dark sections, primary text.

Gold

#E0C782 · deep #8C6D33

Advisory brand moments, hairlines, kickers.

Blue

#1D459C

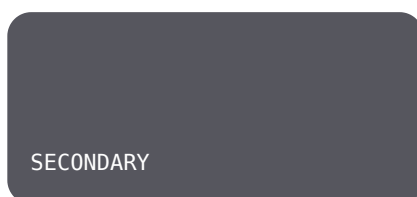

Outsourcing site, links, focus, charts.

Accessibility: navy-on-white and white-on-navy both exceed WCAG AA. Never set gold text on white (fails contrast) — use deep brass #8C6D33 for gold-toned text.

Type system

Lora (serif) for headlines — authority and warmth. **Inter** (sans) for body, UI, and labels — clean and legible. **JetBrains Mono** for small labels/kickers and figures. Substitutes if Lora/Inter unavailable: Georgia and Arial.

DISPLAY · LORA 600 **Cross-border clarity**

HEADING · LORA 600 **Tax, books & compliance**

BODY · INTER 400 Independent, advisory-led support for businesses operating across the India-US corridor.

LABEL · MONO **US TAX & ACCOUNTING**

RULES

Headlines	Lora 500–600, tight tracking (–0.01em). Sentence case, not ALL CAPS.
Body	Inter 400, 1.55 line-height, max ~62 characters per line.
Kickers / labels	Mono or Inter 600, uppercase, 0.18–0.22em letter-spacing, in the accent colour.
Emphasis	Accent-colour for one key word in a headline; bold sparingly in body.

How we sound

Independent experts who explain complex cross-border tax plainly. Confident, never boastful. Warm, never casual. **Every claim must be true and verifiable** — no invented stats, testimonials, or credentials.

Do

- Lead with the client's problem, then the answer.
- Use specifics we can prove ("all 50 states", "DTAA treaty positions").
- Say what we are: an independent advisory & accounting team.
- Plain English; define jargon (FBAR, 5472) on first use.

Don't

- Claim CPA/EA credentials or "SOC 2" we don't hold.
- Invent numbers ("500+ clients", "\$2.4M saved").
- Promise "guarantees" or "IRS representation".
- Use hype: "world-class", "revolutionary", "Big-4 quality".

THE ONE-LINE DESCRIPTION

"Independent cross-border tax, accounting and advisory for founders, NRIs, and companies operating between India and the US."

Two properties, one brand

advisorymonks.com — Advisory (India/NRI)

Accent Gold / brass · warm stone surfaces

Type feel Serif-led, editorial, heritage

advisorymonks.io — US Outsourcing

Accent Blue · white & mist surfaces

Type feel Clean sans, minimal, modern

Shared across both: the **same logo, navy, neutrals, voice, and the serif/sans pairing**. Only the accent and surface warmth change. This keeps the two sites clearly one family.
